A BILL TO BE ENTITLED
AN ACT TO REPEAL THE BAN ON PLASTIC BAGS IN CERTAIN COASTAL AREAS.

Whereas, the General Assembly finds that large retailers were prohibited in September 2009 from supplying plastic bags on the barrier islands of the Outer Banks as a pilot program; and
Whereas, the General Assembly finds that the purpose of this pilot program was to change consumer behavior with regard to the use of plastic bags and to create incentives for the use of reusable shopping bags; and
Whereas, the General Assembly finds that the ban was expanded in October 2010 to apply to all businesses in the affected area; and
Whereas, the General Assembly finds that businesses were required to pay consumers for bringing reusable shopping bags to stores; and
Whereas, the General Assembly finds that businesses have expended substantial capital to comply with this prohibition during a difficult economy when this capital could have been utilized to hire additional employees or expand their businesses; and
Whereas, the General Assembly finds that this prohibition impacts North Carolina businesses large and small, located not only in the Outer Banks but throughout North Carolina, and hinders their ability to create jobs; and
Whereas, the General Assembly finds it is in the best interest of the citizens of this entire State to reduce the distribution and use of plastic bags through recycling, reuse, and the use of reusable bags; and
Whereas, the General Assembly finds that the states of Texas, Florida, and Virginia have developed similar successful voluntary educational programs to educate the public about the importance of the recycling of plastic bags; and
Whereas, the General Assembly finds that a voluntary educational program informing North Carolina citizens of the availability of recycling sites throughout the entire State benefits every citizen; Now, therefore,
The General Assembly of North Carolina enacts:
